

Sec. 3.6. - Accessory residential storage buildings/areas.

Storage buildings/areas in residential zones shall not be used for the following:

(1)Storage in connection with a trade.

(2)Storage of building materials except in connection with active on-site construction.

(3)Open storage of any material or use other than accessory to the principal residential use. Open storage or storage buildings or structures shall not be permitted in any front yard or required setback area.
