

# Utilities

## Inspection for Utilities

(Water/sewer – Electrical – HVAC - Gas)

1. Contact a licensed contractor.
  - a. Power – Electrical Contractor
  - b. Water/Sewer – Plumbing Contractor
  - c. Gas – Plumbing or HVAC Contractor
  - d. HVAC – Heating and Air Contractor
2. Request a service and inspection test setup (Permit required)
3. Once setup is complete, request an inspection from the City of Mullins Building Department.
4. If no issues are found and the test pass, the Building Department will forward the documents necessary for connection to the appropriate utility provider.
